

Dear Parents/Guardians,

Understanding Adolescent Project (Primary) - Parent Consent Form

Education Bureau (EDB) has launched the Understanding Adolescent Project (Primary) since the 2004/05 school year. This project is a guidance curriculum on resilience, targeting at P.4 students. Our school will join this programme and students are required to complete *Hong Kong Student Information Form* which is a set of validated tool containing questionnaires. The information collected will be used for the purpose of identifying students' needs only. And it will be kept confidential. Please return the signed consent form to your class teacher before 7th October, 2020. If you have any enquiries, please contact Miss Lam Wing Yu (2404 5333).

Yours faithfully,
Mr. Chan Chun Wah
Principal
