

30th September, 2020

Dear Parents/Guardians,

Change of HPV Vaccination Day for P.5 Girls 2019-2020

Due to the coronavirus disease, the Department of Health was not able to provide the HPV vaccination service for P.5 female students (2019-2020) on 11th May, 2020. A school immunization team will come to school on 19th October to provide vaccination for those P.6 students who have submitted the signed consent forms. Those students are required to wear sports uniforms on the vaccination day.

Remarks:

1. P.6 female students' vaccination cards and signed consent forms were submitted in the previous academic year (2019-2020).
2. The original copy of the vaccination record will be returned to parents in the second term after your children are provided with vaccine(s).
3. If the student is sick or absent on the vaccination day, he/she will be arranged to receive vaccines in the vaccination office.

If you have any enquiries, please contact Miss. Lam Wing Yu.

Yours faithfully,
Mr. Chan Chun Wah
Principal
