## 【Transcript】 Subjects and Weighting for Exam Composition (2020-2021)

1. Mark calculation will be conducted twice in the academic year (first and second term respectively). The final result consists of the scores from the mid-term exam (40%) and the final exam (60%). Students' rank order of each subject will be shown in the final result.

**The final result = scores from mid-term exam×40% + scores from final exam×60%**  
**(mark calculation will be conducted separately.)**

2. Each subject has their own mark calculation.

### Chinese Language

**Marks = Reading×40% + Writing×40% + Listening×10% + Speaking×10%。**

|-----------------|------------------|------------------|----------------|-----------------|----------------|----------------|--------------------|----------|-----------------|
| Ratio           | 9                | 9                | 9              | 6               | 2              | 3              | 0                  | 0        | 38              |
| Weighted ratios | $\frac{9}{38}$   | $\frac{9}{38}$   | $\frac{9}{38}$ | $\frac{6}{38}$  | $\frac{2}{38}$ | $\frac{3}{38}$ | 0                  | 0        | $\frac{38}{38}$ |

$$\text{Average marks} = \text{Chinese Language} \times \frac{9}{38} + \text{English Language} \times \frac{9}{38} + \text{Mathematics} \times \frac{9}{38} + \text{General Studies} \times \frac{6}{38} + \text{Music} \times \frac{2}{38} + \text{Visual Arts} \times \frac{3}{38}$$
