## Introduction about Drama Wonderland

Drama Wonderland is a professional educational theatre. Our members have produced and performed in more than 1000 shows during the school tour. We also worked as theatre tutors in different primary and secondary schools. We have lots of experience in developing students' cognitive thinking and improve their communication skills.

### Programme 'Ask for Direction'

The story:

A cousin who can only speak Putonghua comes to Hong Kong for sightseeing. The Tai family have to show her around. However as their Putonghua is poor, they misunderstand each other. They go to all the wrong places due to confusion.

### Programme: 'Multi-resort'

The story :

A family of three stay at a resort in China for the first time. After they arrive, they come across a staff member surnamed Shàn. Since the family can speak very little Putonghua, they have a hard time communicating with him. Lots of funny jokes arise from miscommunication, when they are using the facilities at the resort, such as gym room, game room, barber shop, clothing shop, cinema and soon.

The family get lost when they are so excited to explore their own interested. Eventually, audiences need to give helping hands to them and they can be together. Throughout their journey, they learn more the usage and articulation of Chinese words.
