Surveys regarding “Smoke-free Detective Adventure”

Hong Kong Council on Smoking and Health has commissioned School of Public Health of the University of Hong Kong to conduct an online anonymous survey regarding the effectiveness of the drama education, and physical and mental health of the students. The target audience is P.2-P.4 students. The survey will last for 5-10 minutes. The information collected is for data analysis only. All your personal information will be strictly kept confidential. To protect the right of the target audience, HKU/HA HKW Institutional Review Board (HKU/HA HKW IRB) will have the authority to assess the information collected in the survey.

The Council will invite P.2-P.4 students to complete the survey after the drama. Participants can drop out of the survey at any time and that will not in any way affect their school education. Parents who allow their children to participate in the survey do not need to reply. If you do not wish your children to participate, they can choose not to complete the survey. For enquiries, please call 5165 7486 or send an email to phttchen@hku.hk (Miss Chen -School of Public Health)
