

Dear Parents/Guardians,

11th May, 2021

Meeting with Special Educational Needs Coordinator (SENCO)

We have adopted a 3-tier support model to provide appropriate support for students according to their diverse needs. Under the 3-Tier Intervention Model, students are provided with three levels of support ranging from Tier-1 to Tier-3. Tier-1 support refers to early identification and catering for the diverse learning and adjustment needs of all students, including those with mild or transient learning or adjustment difficulties through quality teaching in regular classrooms. **Tier-2 support refers to additional support for students with persistent learning or adjustment difficulties. Tier-3 support refers to individualized intensive support for students with persistent and severe learning or adjustment difficulties.**

Our student support team has provided support for parents and students according to their needs, such as the school-based educational psychology service, speech therapy, Chinese reading and writing program, the concentration group, parent workshops, JC A-Connect, support service for students with autism, psychological counselling, Dance Education Programme and YMCA Balloon Twisting Programme.

To strengthen our home-school cooperation and help parents develop a better understanding of the intervention model, the school educational needs coordinator (SENCO) would like to invite you to participate in an online meeting (MS Teams). The meeting aims to facilitate home-school communication so that both sides can identify the learning, social, and emotional needs of our students regularly.

We would like to invite you to participate in the online meeting (MS Teams) on 15th May, 2021 (Saturday).

Time: _____, we hope parents will spare some time to attend the meeting.

For enquiries, please contact Miss Cheng Cheuk Ying (SENCO) at 2404 5333.

Yours faithfully,
Mr. Chan Chun Wah
Principal
