

Dear Parents/Guardians,

17<sup>th</sup> May, 2021

### **The Use of New Mathematics Textbooks 2021-2021 onwards (Primary 4)**

The development of the Hong Kong school curriculum has advanced into a new phase of ongoing renewal and updating. It ushers in a new era for curriculum development to keep abreast of the macro and dynamic changes in various aspects in the local, regional and global landscapes in maintaining the competitiveness of Hong Kong. The Curriculum Development Council Committee (CDCC) revised The Mathematics Education Key Learning Area Curriculum Guide (Primary 1- Secondary 6) in 2017. In line with the implementation of the revised curriculum, new textbooks have been published in recent years.

According to the guidelines on selection of quality textbooks (EDB), we set up a textbook selection committee in 2019 for a change of textbooks. After the selection, the Mathematics textbook (the second edition) from Educational Publishing House received the highest number of votes. Therefore, starting from this academic year, we began to use the new textbooks. Starting from September 2021, P.4 students will use the new textbook. For enquiries, please contact the Mathematics Panel Chair Miss Wong Pui Yan or Miss Chan Ching Man.

Yours faithfully,  
Mr. Chan Chun Wah  
Principal
