

Dear Parents/Guardians,

14th May, 2021

Life Education Activity Programme - Read and Download eBooks

Life Education Activity Programme is a charitable institution which provides positive and sequential health-based drug prevention programmes to primary and secondary students, including those in Special Needs Schools. The institution was originally scheduled to visit us this year to provide face-to-face classes for each level. However, due to the pandemic, all classes have had to be canceled. Students may download eBooks and read at home. Parents can click on this link <https://www.leap.org.hk/ebook>, follow the instructions to install and read the ‘instruction manual.’ Students are required to enter their username and password before they can read the eBooks. The login details are as follows:

Username:	
Password:	

Parents are welcome to read with their children. The eBooks are available from today until 19th July, 2021.

For enquiries, please contact Mr. Hung at 2404 5333.

Yours faithfully,
Mr. Chan Chun Wah
Principal
