

Dear Parents/Guardians,

25<sup>th</sup> November, 2021

### Parent's Talk – Methods to Improve Vocabulary Learning Ability

School-based speech therapy services provide learning-related treatments for students with speech impairments at school. Through the participation of speech therapists and a whole-school participation model, the planning, development and implementation of the three areas of prevention, treatment and improvement are planned, developed and implemented school-based speech therapy services in line with the school's conditions. Specifically, school-based speech therapists will organize preventive activities to help deepen parents' understanding of speech problems and allow parents to improve their children's language skills.

Through this parents' talk, the school's speech therapist will explain how weak vocabulary learning ability affects subject learning and discuss how to improve students' vocabulary comprehension skills in various subjects, so as to enhance students' ability to grasp subject knowledge.

Date:	8 <sup>th</sup> December, 2021 (Wednesday)
Time:	11:45 a.m. to 12:45 p.m.
Venue:	1 <sup>st</sup> floor Conference room
Speaker:	Speech therapist Mr. Cheung Nok Hang

For inquiries, please contact Special Education Needs Coordinator Ms. Cheng Cheuk Ying.

This circular has been sent to parents' "eSchool" account

Yours faithfully,  
Mr. Chan Chun Wah  
Principal
