

Dear Parents/Guardians,

28th June, 2022

Understanding Adolescence Education Project--Parents Agreement Form

To support the healthy growth of teenagers, the government began to implement the Understanding Adolescence Project (Primary) on a voluntary basis in 2004/05. The project targets Primary 4 students. The aim is to identify the development needs of students through a set of specially designed questionnaires “Hong Kong Students Information Form” and provide them with a comprehensive “support course” according to their needs, to strengthen their resilience to adversity.

As the school values the whole-person development of students, we will also participate in this project and will arrange for your child to complete the questionnaire “Hong Kong Student Information Form”. The personal information of students collected from questionnaires will only be used for identifying the development needs of students. All information will be kept confidential. Please fill out the parents agreement form and return to the class teacher on 30th June. If you have any questions, please call 2404 5333 to contact Ms. Fu Mei Yee.

Yours faithfully,
Mr. Chan Chun Wah
Principal
