

Dear Parents/Guardians,

12th July, 2022

Parents Academy-Primary 1 Full Coverage Learning

To identify and counsel P.1 students with learning difficulties at an early stage and let parents better understand the learning needs of P.1 students, the school conducts the “Early Identification and Intervention Programme for P.1 Students with Learning Difficulties”. This is done every year, with the aim to identify P.1 students with learning difficulties and provide appropriate counselling and support as soon as possible. During January, teachers have already used the “Observation Checklist for Teachers” provided by the EDB to conduct identification for your child. Your child’s identification result is:

<input type="checkbox"/> No learning difficulties	<input type="checkbox"/> Slight learning difficulties	<input type="checkbox"/> Significant learning difficulties
---	---	--

This identification result only showed your child’s performance in this stage. In general, systematic counselling programmes and teaching adjustments, with the cooperation of parents’ participation, will effectively improve students’ learning situation. Teachers will continue to observe students’ performance and arrange appropriate support. As such, the school will provide homework adjustments for students, arrange peer support, parents workshops etc.

At the same time, the school will hold a parents academy. This talk will be given by Mr. Tse Hoi-neng of the Hong Kong Council of the Church of Christ in China, which will mainly introduce practical study skills, such as read-a-long, “Daily Reading, Dictation, and Writing” and editing study plans etc. to help children recognize reading and write, and strengthen their learning motivation, which can help parents and children face learning difficulties at the same time.

Details of the parents academy are as follows:

Date: Thursday, 21st, 28th July, 2022

Time: 9:30 a.m. to 10:30 a.m.

Venue: TEAMS

Speaker: Mr. Tse Hoi-neng (School’s Educational Psychologist)

If parents have any questions, please call 2404 5333 and contact Special Education Needs Coordinator Ms. Cheng Cheuk Ying.

Yours faithfully,
Mr. Chan Chun Wah
Principal
