

A Travel Plan to Singapore

I know Chinese New Year is coming soon and Singapore is a popular country nowadays, so I want to take a look and have a travel there. Therefore, I write a plan for this trip.

On the first day, we will go to China Town and go shopping there. There are many historic shops and some of them have been transformed into restaurants and gift shops now. So, we can buy a lot of things there. Also, we can buy a good luck charm in the Pagoda Street Market.

On the second and third day, we will go to Botanic Gardens. We will visit Bukit Timah Nature Reserve. There are different kinds of animals, for example, lions, hippos and so on. Then we can go to Jurong Hill to see some colourful birds and we will ride on the cable car to Sentosa. We can take some photos of the view on the cable car. After that, we can have lunch in a nice restaurant.

I hope I can have a wonderful holiday in Singapore.
