

## A Travel Plan to London

Christmas holiday is coming. My family and I will travel to London for three days. I have already planned this trip.

On the first day we will visit London Eye in the morning because we can overlook the panorama of London clearly. Then, we will visit Big Ben because it is one of London landmarks and it is magnificent. Next, we will visit British Museum because it is one of the most famous museums in the world. There are nearly eight million collections. We can learn the history of different countries there. The most important is it is free of charge.

On the next day, I will go to Hyde Park because it is the largest park of four royal parks in London. We will relax under the sunshine and feed the squirrels. After that, we will go to the Tower Bridge to paddle a boat because it is the symbol of London. If we are lucky, we can see the rising of this suspension bridge.

On the last day, we will visit National Gallery because the collections cover typical representations of almost all periods of European art history. Finally, we will go to Oxford Circus Trafalgar Square to do shopping because it is the most famous square and there are many bookstores and gift shops. Besides, we can enjoy wonderful street performances there.

I am very excited and looking forward to this trip.
